HIGHLY IMPORTANT DISCOVERY.

Fenzel's Pabulum Vitæ

Has now gained its position before the public as

THE ONLY REMEDY

yet discovered for the speedy relief and permanent cure of

CONSUMPTION,

Coughs, Colds, Tuberculous, Bronchitis, and all other Pulmonary Complaints.

The discovery of an eminent French Physician after many years of study and observation, it continually meets with the most

ASTONISHING SUCCESS

in the treatment of the above complaints.

Its unabated popularity, numerous certificates of remarkable cures, the recommendation of some of our most eminent physicians and the analysis of Dr A. A. Hayes, the State Assayer, all give conclusive proofs of

THE UNRIVALLED VIRTUES

And Unqualified Superiority

of this preparation to any other remedy now extant, and are constantly contributing to give it a wider and more enviable reputation. From its volatile nature, it affords vapors freely, and consequently is DIRECT IN ITS ACTION UPON THE LUNGS AND AIR PASSAGES

The discredit which has been thrown upon all preparations not prescribed by regular physicians, by reason of the recklessness with which worthless and injurious compounds have been imposed upon the public, will tend to deter many from availing themselves of the benefits of this preparation; the agent, however, assures the public in all sincerity, that this medicine is not only perfectly safe, and free from all oil or deleterious ingredients, but guarantees that it will effect all that he represents, not having heard of a single case where it has failed to give satisfaction.

It is warranted to cure

Consumption by using One to Six Bottles,
Bronchitis by using One to Three Bottles,
Coughs by using less than One Bottle;
Colds by using it Two to Six Doses.
Bleeding of the Lungs by using less than One Bottle;
Hoarseness by using less than One Bottle,
Soreness of the Chest by using less that One Bottle;

Price $3 per bottle, accompanied by a Treatise

For sale by

F. J. LAFORME, Sole Agent,
No. 5 Milk Street,
Boston, Mass

PATENT AGENCY.

SAMUEL COOPER,

Late Principal Examiner of Patents in the United States Patent Office, at Washington,

HAS REMOVED HIS OFFICE TO

WEBSTER BANK BUILDING,

13 EXchange Street, Boston.

PATENTS secured in the United States, and in all other patent-granting countries. Specifications and drawings prepared. Caveats filed. Reconsiderations procured, of applications that have been rejected upon improper & perhaps unfounded objections. Interferences prosecuted. Rights and titles examined, and opinions rendered, in general, all business connected with the Patent Office transacted with care and promptness

All fees and other foreign patents procured through prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

From the Hon. Charles Mason, Commissioner of Patents

U S PATENT OFFICE, Feb 22, 1855

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the Office, he has related a very rough specification with the Patent Laws, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with the office with whom I am acquainted

CHARLES MASON, Commissioner.

From the Examiners of the Patent Office

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr Samuel Cooper, late a principal Examiner in that office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his extent for attainments are such as eminently fit him for the business in which he is about to engage.

MAINE STATE

AGRICULTURAL SOCIETY.

THE objects of the Society are to bring together the best specimens of Stock, and productions of Household Manufactures, and labor saving Machines of all descriptions, and hereby stimulate a laudable emulation to excel in every department of Industry We see no way of bringing about these desirable results so satisfactorily as by an exhibition, where the public may freely examine and pass upon the merits of stock or articles exhibited We believe such Exhibitions are the medium best calculated to bring to notice the popular merits of farm stock and productions and the machines finds his machine, carriage, or fabric, much better understood than by any other system of advertising. We desire to make the Exhibition of 1858 surpass all former ones.

We invite all to exhibit their stock, productions, fabrics, and machinery of any kind. The Rotunda of the State House and adjacent Halls have been granted to the society for its use and a large building is now being erected for the exhibition of heavy articles, farming utensils, &c

Liberal arrangements have been made for the transportation of stock, and articles for exhibition, either one or both ways, free, on presentation of the secretary's certificate that such stock or articles have been on exhibition, and not changed owners. Exhibitors are requested to give two weeks' notice to the Superintendents of the Roads over which they may design to pass—of the amount of stock and articles, and the Station at which it is to be taken upon the Road, so that suitable provision may be made for transportation. The Roads that will convey Stock, &c., free, are as follows—Portland, Saco, and Portsmouth, Kennebec and Portland, Somerset and Kennebec Railroads Those Roads that will convey Stock, &c., at half price are as follows—Penobscot and Kennebec Atlantic and St Lawrence, York and Cumberland Railroads

The Roads that offer to convey Stock free will run a special Train on Monday and Saturday of the week of the Exhibition—other days, by regular trains, at half price Articles may be sent any time during the week previous at half price (All Stock at the owner's risk)

The Show and Fair will be holden at Augusta, on the 21st, 22d, 23d and 24th of September 1858 Contributors who intend exhibiting articles in the Halls are requested to make application for space to the Superintendents, Capt. CHARLES SUMNER, as early as one week previous to the time of Exhibition, so that the least delay possible may be had in their arrangement

Our former Exhibitions have been of a high order, and productive of much good, and will hopeing that a general interest towards our Society and its efforts may be felt throughout the State

CAUTION TO THE PUBLIC

On account of the numerous frauds and impositions on travelers those bound to California are cautioned to buy Tickets at the only authorized Agencies of the United States Mail Line as below.

By order of the Post-master General, the United States Mail Steamers will hereafter be despatched from New York to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without delay or expense* This is the *only* line giving entire Through Tickets, guaranteeing no detention on the Isthmus.

Transit made in *four hours everyday by daylight* thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation, over rocks and shoals

Arrangements have now been completed so that the regular U S. Pacific Mail Steamer will leave Panama for San Francisco unpredicted on arrival of the Atlantic Mails and passengers, thus securing passengers by the Main Line a sure and short passage, with the greatest comfort to safety and health

☞*Tickets must be signed by one of the Company's Agents before they will be countersigned by the Agent at Panama*, and tickets thus signed can be obtained of the *only authorized Agent* for the U S and Pacific Mail Steamship Companies, in this city. C L BARTLETT, Agent,

Scientific American.

PROSPECTUS.

Volume Fourteen.

BEGINS SEPTEMBER 11, 1858.

MECHANICS, INVENTORS, MANUFACTURERS AND FARMERS

THE SCIENTIFIC AMERICAN has now reached its Fourteenth Year and will enter upon a New Volume on the 11th of September It is the only weekly publication of the kind now issued in this country, and it has a very extensive circulation in all the States of the Union It is not, as some might suppose from its title, a dry, abstruse work on technical science, on the contrary, it so deals with the great events going on in the scientific, mechanical, and industrial worlds, as to please and instruct every one. If the Mechanic or Artisan wishes to know what is best to use, or how to make any substance employed in his business—if the Housewife wishes to get a recipe for making a good color, &c—if the Inventor wishes to know what is going on in the way of improvements—if the Manufacturer wishes to keep posted with the times, and to employ the best facilities in his business—if the Man of Leisure and Study wishes to keep himself familiar with the progress made in the chemical laboratory, or in the construction of telegraphs, steamships, railroads, reapers, mowers, and a thousand other appliances, both of peace and war—all these *desiderata* can be found in the SCIENTIFIC AMERICAN, and *not elsewhere* They are here presented in a reliable and interesting form, adapted to the comprehension of minds unlearned in the higher branches of science and art

TERMS—One Copy, One year, $2 00, One Copy, Six Months, $1, Five Copies, Six Months, $8, Ten Copies, Twelve months, $15, Fifteen Copies, 12 Months $22, Twenty Copies, Twelve Months, $28, in advance.

STATE OF MAINE.

LAND OFFICE,
Bangor, May 1, 1858

IN the discharge of my duty as Agent to superintend and manage the sale and settlement of the Public Lands of the State, the following notice is hereby given of the

Terms and Conditions of Sale:

In the Revised Statutes of Maine, Chapter 6 may be found all the provisions of law in relation to

The Sale of Lands for Settlement

Sec 23. Out of townships located and designated for settlement, the Land Agent shall from time to time, select, not exceeding ten in a year to be offered for sale in lots for settlement and publish a list of them and of the townships offered for sale and settlement in former years in which lands still remain for sale in some paper in each county in the State in which any paper is published once a week for three months next after the selection is so made with the substance of so much of this chapter as relates to the terms and conditions of the sale and settlement of such lands

Sec 24 In townships so selected, in which suitable roads have not been located the Land Agent shall cause such roads to be located as the public interest and the accommodation of the future settlement require

Sec 25 The price of the settling lots shall be fifty cents per acre for which the purchaser shall give three notes, payable in one, two and three years, in labor on the roads in said township under the direction of the Land Agent The Land Agent shall thereupon give him a certificate, stating that he has become a purchaser of the lot or lots therein described, and that he will be entitled to a deed thereof, when he complies with the requirements of law The certificate of the person appointed by the Land Agent to superintend the laying out of the aforesaid roads, shall be evidence of the payment of the notes—Only one lot not exceeding two hundred acres, shall be granted to the same person

Sec 26 Beside the payment of the notes every such purchaser shall be required within two years from the date of his certificate to establish his residence on his lot and within four years from said date to clear on each lot not less than fifteen acres ten at least of which shall be well and down to grass and to build a comfortable dwelling house on it

Sec 27 If the purchaser fails to perform any of the duties required of him or to pay the notes he forfeits all right to the land and the Land Agent may dispose of it to other persons

Sec 28 The Land Agent shall appoint some suitable person or persons from the town to superintend the location of settlers, the payment of their road labor, and the performance of their several duties

Sec 29 Whoever purchases a lot of wild land of the State not exceeding one hundred and sixty acres, and complies with the conditions of purchase may be at any time entitled to a deed thereof on his establishment and proof of residence thereon for two years next after the date of his certificate of purchase, and the payment of the notes and interest, and the fees and expenses of the conveyance, and if he has cleared and improved one acre for every ten acres contained in his lot, and has erected a house thereon, the value of which shall amount to the sum of two hundred dollars, to be set off to the widow in such portion of his lot as he can occupy to the best advantage, if she prefers and applies for the same at the time of the appraisal of the real estate set off and appointed for her dower

Sec 30 On the decease of any purchaser, such lot and the improvements thereon shall descend to his children in fee in the same manner as if he had died seized of the same, and if he leave a widow and no children, such lot and improvements shall descend to the widow and not to the heirs of the husband, and if he leave neither widow nor children, the estate shall revert to the State, and if the widow dower and then marries or shall die before she attains the age of twenty years, the remainder of the estate, or the whole estate if the widow and other persons entitled to inherit are minors and age, may be sold by the administrator appointed for the purpose by the Land Agent, and the proceeds of the estate of the deceased paid to the widow. If he dies without issue and without a widow, his estate shall escheat to the State, and be disposed of by the Land Agent

Sec 31 No person shall have a right to more than one lot in the same township, nor shall any person who has settled upon and occupied a lot in one township and afterwards settles upon and occupies another lot in the same township, be entitled to a deed of the latter lot for the same purpose

Sec 32 The Land Agent may sell any lot or parcel of land not actually occupied by settlers, at public or private sale for such price as he may deem best for the interest of the State, and may sell any land owned by the State in lots and parcels suited to actual settlers.

Under the provisions of this law there have been already located and designated for settlement, and by former Land Agents selected and published for sale, the following townships, viz.:

Township	Acres	Township	Acres
T. 11, R. 1,	0,747	T. 9 R. 3,	21,512

LINCOLN'S WATER PROOF BLACKING,

AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician

IS it not a truth that with three fourths of the feet are often wet, it is one of the greatest causes of colds and consumption? If a man finds that when his leather is often wet and dried, it soon becomes hard, stiff, and cracks; but when this water proof thread is rubbed By the application of this preservative, it remains soft, and entirely impervious to water

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water proof, but at the same time extremely injurious to the leather At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned It will not only make leather water proof, but likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years and a large part of that time have worked in a wet tannery, with my boots constantly in water, and have not had my feet wet during that time I can therefore in all confidence recommend it to the public as the best article in the market

EXECUTIVE DEPARTMENT,
Augusta, August 18 1856.

The adjourned session of the Executive Council will be held at the Council Chamber, in Augusta, on *Monday*, the twentieth day of September next.

Attest
NOAH SMITH, Jr., Secretary of State.

"Let Kansas Stay Out?"

So say the pro-slavery Democracy. Sure-fusse to have slavery fastened upon her—therefore she shall be turned away from our doors. Hear how this determination was recently expressed by Mr Boyce, a South Carolina Democrat, a leading member of the oligarchy, and one of the obstructive Congressional managers.

"Kansas has voted upon this land proposition, and refuses to accept the terms offered, and therefore remains out of the Union. This conclusively establishes the fact that Kansas is ultra anti-slavery. This being the case, *the best thing for us is for her to stay out of the Union.* Her coming in would only give us accession of strength to our enemies. If she would stay out forever, all the better."

As Kansas has shown itself "anti-slavery," "LET HER STAY OUT FOREVER. This is the "popular sovereignty" of democracy, about which we hear so much

Who "Squeals?"

The "Doctor" complains that we are "personal" upon him. As a general rule we avoid personalities; but when a man who holds a political office at Washington comes all the way home, for the purpose of abusing and villifying Republicans by ribald articles in a filthy sheet, he must expect to meet with friction.—We shall stick him, if he does "squeal"

Keep them Before the People!

The following declarations—from high Democratic authority,—which show that sham democracy is UTTERLY OPPOSED TO THE INTERESTS OF LABOR, and that the whole influence of that party is in favor of NATIONALIZING AND PERPETUATING SLAVERY in the Union,—or, if defeated in that, then they are for DISSOLUTION.

[From the Lecompton Constitution—as adopted from the Washington Union.]

Section 1. The right of property is before and HIGHER THAN ANY CONSTITUTIONAL SANCTION, and the right of the owner of a slave to such slave and its increase, is the same and as inviolable as the right of the owner of any property whatever.

Hence the right of a slaveholder to his slaves is the national territories is unquestionable even than the constitutional right claimed by law.]

[From President Buchanan's Letter to Prof. Silliman.]

"SLAVERY existed at that period [1850] "and STILL EXISTS IN KANSAS BY UNDER THE CONSTITUTION OF THE "UNITED STATES. (*This point has at last* "been *FINALLY DECIDED by the Supreme* "*last resort*—and (Judge Taney) known to *the world*. "How it could have ever been doubted *IS A* "*MYSTERY.*"

[From Buchanan's Message]

"Kansas is, therefore, as much A SLAVE STATE AS GEORGIA OR SOUTH CAROLINA

[From the N Y. Day Book, July, 1856.]

"The Republicans, who hold that the negro has the same natural rights as the white man, are logical and consistent in refusing to protect this so called slave property, but a Democrat who denies to the negro any legal or political existence in the Territories, and claims that white men alone constitute the political community, *DEPARTS FROM THE FUNDAMENTAL PRINCIPLES OF DEMOCRACY when he refuses to protect 'slave' property. The whole question is resolved into this simple right or no right to protection to slave property in the Federal Territories.* It MUST CONSTITUTE THE ISSUE in 1860."

[From Gov Hammond's late Speech.]

"*All the opposition measures of which the South has complained in the last thirty years she herself inaugurated.* WASHINGTON AND JEFFERSON, IN THE MATTER OF SLAVERY, *SET THE EVIL EXAMPLE.*

[From Senator Hammond's Speech.]

"*If we had abolished the Union,* and had engaged in a brush with some people, (which must occur in setting up for ourselves, and inevitably establishing our institutions,) *it would have been but for us, but now, IF WE CAN RULE IN THE UNION, let us remain.*"

[From the Dred Scott Decision.]

They [the framers of the Constitution] considered the African race "so far inferior that they had no *rights which the white race was bound to respect* and that the negro might *justly* and *lawfully* be reduced to slavery for his benefit."

Republicans of Maine!! Are you Preparing for the Election?

No Republican voter in this State should fail to be at the polls at the coming election,—and to that end, our friends in every town and district should lose no time in THOROUGHLY CANVASSING THE VOTERS and ORGANIZING THE PARTY, so as to secure a FULL VOTE. Let no Republican vote be lost from apathy, or from a confidence in our own strength. It is upon this very confidence that the enemy is building hopes of a partial success. The black democratic leaders hope to carry some districts, in consequence of this Republican confidence in a heavy majority. With the aid of MONEY FROM WASHINGTON, and heavy assessments upon the office holders, they have organized a desperate assault throughout the State, and will ask at any thing to gain a point. The most shameless and audacious representations and falsehood, and the most unblushing BRIBERY AND CORRUPTION, are the instrumentalities to be used by the agents of the national administration, in this campaign. If they can secure their object of breaking into the Republican phalanx in Maine, they are UTTERLY RECKLESS AS TO THE MEANS. The plantation despots who rule at Washington have determined that IF MONEY AND FRAUDULENT VOTING WILL DO IT, the voice of the people shall be suppressed in Maine, as it has been, time and again, in Kansas. They would resort to border ruffian violence, if their Southern bravos were near enough to be used. As they are not, money and fraud are here relied upon.

But not all the lordly nabobs of the South, with their subservient agents at Washington can ever raise money enough to carry Maine, if the Republicans are ordinarily vigilant in their duty. The majority in this State against the infamous doctrines and practices of the slave democracy, can never be shaken by fair or honest means. IF THE PEOPLE AWAKE TO THE DANGER, AND COME OUT IN FULL RANKS TO MEET THE ENEMY

REPUBLICANS OF MAINE, ARE YOU READY FOR THE BATTLE?

AWARD OF PRIZES TO THE STEAM FIRE ENGINES.—The Committee of the Boston City Council awarded prizes as follows to the steam fire engines which took part in the trial contest last week.

The first prize of $500 to the "Philadelphia," built by Reany, Neafie & Co., of Philadelphia.

The second prize of $300, to the "Lawrence," built by Rees & Scott of Lawrence, Mass.

The third prize of, $200 to the "Zeke Smith," built by George M. Bird & Co., of East Boston.

The money for these prizes was contributed by various insurance companies.

The trials were quite satisfactory, as to the practical uses of the steam fire engine. It was proved that steam could be raised in the ordinary time of running to a fire and an immense discharge of water maintained as long as water holds out. It is probable that two or three of these steam engines will soon be placed to the Boston Fire Department.

A PRESENT LOT.—There are already known to be thirteen capital cases to be tried at the next term of the U S Circuit Court which is to commence in Boston on the 16th of October next. They will come before Mr Justice Clifford for trial. To this list is likely to be added the case of the Captain of the steamer, recently captured by the Dolphin.

Wyman B. S. Moor and the Reciprocity Arrangement—How is it about the 120,000 a year?

Consul General Moor, in his recent communication to the Argus, assumes great indignation at what he calls the false accusations of the Advertiser and other papers. But he confines himself entirely to showing that he had *authority*, in the "Regulations under the Revenue Laws," for requiring an oath or certificate of the Canada origin of goods imported under the Reciprocity treaty. We believe nobody has denied that such authority exists, at least, no Republican paper has denied it.—It is only the propriety of Moor or his agents charging $2 upon every $100 package of goods passed, that has been called in question. Undoubtedly he has a legal warrant for so doing, but it is none the less a great and an onerous exaction. Mr. Andrews did not think a rigid enforcement of that "Regulation" necessary. Mr. Moor says he does think it necessary.

We do not quarrel with Mr. Moor for that fact, considering his very liberal salary of $4000, it does not seem right that he should pay any greater tax upon the Canadian commerce than sufficient to pay the expense of the certification. The Consul General says not a word about this charging business; but, although the Bangor Union *recommends* Democrats to "charge," we think the case under consideration should have been made an exception. Nor does Mr. Moor deny the statements which have been made, that he is feathering his nest at the rate of from $20,000 to $40,000 a year by these charges, under a "regulation" WHICH THE DEMOCRATIC ADMINISTRATION SUFFERS TO STAND FOR HIS BENEFIT!

The Consul General in his long article, sent *for publication* in the Argus, introduces characteristic touches of political gammon.—He embraces the opportunity to insinuate that the Reciprocity treaty is approved by the Republicans and condemned by the Democratic party. After mentioning some of its injurious effects upon the interests of Maine, he says—

"And yet we find the leading Republican papers of Maine claiming, as a great merit to one of their political friends, the inauguration of a system so disastrous in its consequences to her great material interests."

This is utterly untrue. The "leading Republican papers" done have no such thing. No Republican paper out of the city of Portland, that we have seen, has sustained that treaty, or claimed any *merit to anybody for* "inaugurating the system." On the contrary, our papers and other Republican organs of the State have *always and uniformly condemned it.* We have done so since we came to Bangor, and we did so most unreservedly while editing the Kennebec Journal in 1853 and 1854, when the Reciprocity treaty was in process of negotiation. That negotiation was carried on and completed, THE TREATY RATIFIED, AND THE ARRANGEMENT FASTENED UPON US FOR TEN YEARS, BY A DEMOCRATIC NATIONAL ADMINISTRATION AND A DEMOCRATIC SENATE. Mr. Moor knows this as well as any one man,—and his present attempt to fix the odium upon the Republican party is not less evident than mean. It is intended to operate upon the Eastern District. So far as it is political measure at all, THE RECIPROCITY ARRANGEMENT IS A DEMOCRATIC MEASURE,—and that party is responsible for the injury which has been inflicted upon our lumbering, our agricultural and fishing interests. LET THE PEOPLE OF EASTERN MAINE REMEMBER THIS.

THE CONGREGATIONAL TUNE BOOK, published by John P. Jewett & Co., Boston, (and which we receive from them) is a very convenient collection of Church Music for social meetings or for "congregational singing" in the church, which we are gratified to see is becoming general throughout the country. The "Tune Book" is a small but compact volume, containing between 200 and 300 tunes, chants, anthems, choruses, &c. It is to go more especially with "The Congregational Hymn Book," and "The Vesper Hymn Book," arranged by Rev. Elias Nason, for the use of the Congregational churches of this country.

LOCAL AND MAINE NEWS.

THE ENCAMPMENT AT BELFAST. The proceedings of the second day were closed by a grand ball at Pierce's Hall, given by the Belfast Artillery.

On Thursday morning the steamer Daniel Webster brought Gen. Jefferson Davis of Miss the Mechanic Blues, of Portland, and a large number of visitors.

The Mechanic Blues, a handsome and soldierly corps, numbered about forty. Their officers are, T. A. Roberts, Captain, E G Belton, 1st Lt., George T. Bailey, 2d, C. D. Tibbals, 3d; Charles Walker, 4th

In the forenoon, Gen Davis was escorted to the encampment and reviewed the troops, after which he was introduced to the officers and soldiers, and addressed them in a very neat and appropriate speech

Governor Morrill, accompanied by his Aids, was then escorted from his quarters to the encampment. The troops went through various military evolutions, under the command of Cols. Norcross and Burns, after which they were reviewed by the Governor. They were then formed in line, and the Governor made a short address, which was received with marked attention.

Gen. Cushman then addressed the troops, giving a brief account of the rise and progress of the military system. Gen. Wendell Phillips also made a short speech. Gen Titcomb, and Adjutant Gen. Webster returned their thanks to the officers and soldiers, and shortly after the troops were dismissed.

As a whole, the military display has been very fine indeed. The soldiers performed their various military duties in a manner creditable to themselves and to their officers. The Field and Staff officers appeared thoroughly to understand their duties, and made an excellent appearance; and so far as the military were concerned, the display was exceedingly creditable.

On Thursday evening the City Greys gave a ball at Pierce's Hall, which was a brilliant affair, and largely attended. The music was by Chandler's Portland Band.

We think our citizens have great reason to be proud of the officers and soldiers of the Ninth Division, as they acquitted themselves throughout in the most perfect manner.

Our friends of the Bangor Light Infantry were acknowledged to be the best drilled and neatest uniformed company on the ground—and we mean no disparagement to any company when we say they took the palm

Everything passed off quietly. The city was crowded with people, but Mr. Holmes of the American House and Capt. Cunningham of the New England House, acted as to modated the visitors very successfully. By the politeness of Col Norcross, we were accommodated with a room at his quarters, in a tenement adjoining the New England House—for which he has our thanks.

An interesting little son of Mr and Mrs David Barker of Exeter, aged about two years, wandered away in the crowd on Wednesday, and his absence was not considered alarming for an hour or two, as it was supposed that his father had taken him away. The agony of the parents can but faintly be imagined, when they discovered his loss. Fortunately it was of short duration, as he was restored to his mother's arms in a few moments after his loss was discovered.

THE RETURN OF THE MILITARY. The boats with the military companies on their return from Belfast, arrived about 6 last evening

The ex-members and other friends of the Bangor Light Infantry provided a bountiful collation at their armory on their return from their three days' drill.

MORE SETTLERS FOR AROOSTOOK.—The following named persons passed through this city on Wednesday, on their way to take up lands in the fertile valley of the Aroostook A Hovey and S Butterfield of Augusta, Warren A Blackmer, Chas O Hara and Thomas Ryan from Boston.

THE MURDER TRIAL AT BATH.—The trial of David Y Dudley, for the murder of Elephalet Berry at Topsham, on the 9th of November last, is now going on at Bath. The evidence shows that the killing was another terrible result of intemperance. The murderer and the murdered, with several of their boon companions and associates, had been on a drunken debauch on that fatal evening—had called at every drinking place in Brunswick, and with a jug full of liquor in the hands of the poor one for whom Berry, started across the bridge to Topsham. There, a quarrel arose between Dudley and Berry *for the possession of the jug*. The latter was stabbed, and was carried to his own house, drunk and dying, and in a brief time gave up the ghost. Thus is the story, in brief.

SUICIDE AT PLYMOUTH.—We learn that Daniel Vesnie, of Plymouth, in this county, committed suicide by hanging himself in his barn on Monday night, the 30th of August. No cause is assigned. He was to have been married the present week—had finished a comfortable house and barn, and was in easy circumstances. He was about 35 years of age.

PISCATAQUIS BAPTIST ASSOCIATION. This body will commence its next Annual Session on Tuesday next, (Sept. 7th,) at Charleston.

WATERVILLE COLLEGE.—The next term of this Institution begins on Wednesday, Sept. 8th. There will be an examination for admission to the college on the same day.

To morrow being the first Sunday in the month, St John's (Episcopal) Church will be open for Divine Service in the evening at 7 o'clock.

Rev. F. W. Thompson, of Salem, Mass., will preach to-morrow for the Independent Congregational Society, (Unitarian) on Union Street.

A most refreshing rain on Friday and Saturday last, with showers since, has given a new aspect to the weather; and the weather-wise now count upon scarcity from frost till corn is out of the way. Should their prediction prove true, the crop will probably be the best raised in Maine for many years.—*Waterville Mail.*

We will wait till after the September "full of the moon" before we promise corn this year. Look out for nips about the 22d.

At the bookstore of Charles Hight may be seen an excellent photograph of the Scientific and Representative in Congress, taken in Congress at Albany, with portraits of Agassiz, Bache, Pierce, Henry, Everett, Mrs. Dudley, and several hundred others. It is being published by Van Dusd of New York, and is the finest library picture yet published in America.

SUDDEN DEATH.—Mr Arvida Hayford, an old and well known citizen of Belfast, died very suddenly on Tuesday last. He was eating his dinner as usual when he was observed to put his hand to his throat as though he was choaking, and immediately laid back in his chair and died. Mr H was a native of Hartford in this State, and was aged 88 years.—*Belfast Journal.*

DEATH OF A HALLOWELL MERCHANT THROUGH HIS WIFE.—The Hallowell Gazette says:

The pain ful news of the death, at Jonesboro', Ill., of Mr and Mrs S T Grabee, formerly of this city, was received here last week. We are not informed concerning their malady, but it is said that one died on the 16th, the other on the 18th of August, leaving five children in a state of destitution. Mr Grabee was widely known in this vicinity, as a merchant of strict integrity, and an estimable man.

LAUNCH.—A fine vessel of about 100 tons, named the "Union" was launched from the yard of Joseph Douglas & Co., at West Brooksville, Saturday the 23th ult, Capt Thos Orcutt, is to be commander.—*Union*

ELECTRICITY AND SPIRITUALISM. Dr A. Paige, *Electrician and Naturalist*, will lecture at the *City Hall, on Sunday, Sept. 4th, at 3 and 7½ o'clock, P. M.*, on Electricity as connected with the phenomena of spiritual manifestations. Expenses to be met by an admittance fee of ten cents

GOOD FISHING. Mr Williams, son of mine host of the Williams' House Waterville, with two gentlemen from Boston, caught, in three hours, one day last week, 1007 perch and pickerel, from North Pond, Smithfield.—*Skowhegan Tel*

Could not you make it *hundreds?*

Mr Edward Deering, of the firm of Robinson & Deering Portland died at the residence of his father Nathaniel Deering, Esq., on the 1st inst.

The Eastport Sentinel says that according to present prospects, Maine can supply us with free stone, and of a quality superior to that heretofore brought into the State from abroad. The Portland Mining company are about to commence operations on a free stone quarry in Perry, specimens of which have been examined by competent judges, and by them said to be of an excellent quality

GOLD IN SURRY. We learn by one of the "Prospectors" and a returned Californian, that gold has been found in Surry, at what is called "Teddy Pond." Six or eight were there prospecting one day last week. It was found in the bottom of a cellar, and in dirt thrown from a newly dug well, and by digging down about three feet, dirt was found that will pay three cents to the pan.—*Ellsworth American.*

Foote expressed the belief that a certain miner would take the beam out of his own eye if he knew he could sell the timber

A corset maker advertises that she is selling her stock at a sacrifice. Probably she means of health and life

An Indian passing a cellar, dressed out in full crinoline breadth of fashion, paused him in the street, was heard to exclaim, "Much heap of wigwam, ugh!"

CABLE SOUVENIRS. The N. Y. Express says

The Cable specimens it has been a perfect windfall to the jewellers, and the larger portion of them are at work, making the small rings of cable, as keepsakes. Half a million pieces will be made and sold throughout the Union within sixty days after the Niagara left the harbor. The first cost of the cable is about nine hundred dollars per mile. The leading jewellers have received it at not over fifteen hundred dollars per mile, while the current prices in the trade is 63 cents per foot, or thirty-three hundred dollars per mile! The little rings, when made up and sold at full retail price, will average *one hundred and sixty thousand dollars per mile!* These keepsakes are made up in every variety of style, and bound with all kinds of metal. The mean mammoth a hit evening, or transverse section of the cable, show one quarter of an inch thick. This is bound with a ferule around the outer circumference, and of course shows the formation of the cable itself. Around the outer edge is a covering of twisted wire; next within is a rope of gutta percha, about five eighths of an inch diameter the core of this is seven copper wires twisted into one, which conveys the electrical signals. Another mode of making up is to take a longer piece, the first section of which is left entire, another section is divested of the outer wire covering, leaving the gutta percha in view; still another is trapped of the gutta percha, leaving the copper wire exposed. In this way the whole formation of the cable is shown, making an ornamental tapering rod, some inches in length.—*N. Y. Express.*

SEWING MACHINE SUITS.—The controversy between the owners of the Wheeler & Wilson patents and the manufacturers of the cheap sewing machine has begun in earnest. Suits for injunctions are returnable to the Circuit Court to be held this month, against several parties in this State. A hearing concerning a temporary injunction was had on Tuesday at New Haven. After the papers were read it was claimed by the respondent that it appeared from the petitioners' bill that no complete surrender of all the owners of the old Wilson patent had been made at the time the re issue was granted under which the petitioners demanded the injunction, and that the Commissioner of Patents had no right to grant the re-issue, and the petitioners could not sustain their bill. The Court thought the question a very serious one, and reserved its opinion until full argument should be had at the regular trial. The Wheeler & Wilson patent interest is represented by R. Baldwin, R. L. and C. K. Ingersoll of New Haven, and W Gifford of New York, the respondents by J T Brady and N Dickinson of New York, and L F Robinson and W D Shipman of this city. The trial is to take place next month.—*Hartford Courant.*

FOREIGN MONEY REMEDIES. We learn that both Friday and Saturday the Suffolk Bank refused to redeem any and all bills of the New England Banks, presented for redemption by the Bank of Mutual Redemption, although such banks kept their accounts with the Suffolk. The war has but just commenced—and there is prospect of a lively time.—*Traveller.*

The election in Vermont, for State officers and Representatives in Congress, takes place on Tuesday next, Sept 7th—being the first of the northern fall elections.

WHAT NOT.—A duel was fought in Mississippi last month by S K Knott and A W Shott. The result was that Knott was shot, and Shott was not. In those circumstances we would rather have been Shott than Knott.

NOT HIM, BUT SOMEBODY ELSE. The following anecdote is told of an old gentleman named Uncle Bill Trenton, who resides in Tioga Co., Pa. On one of his recent visits to town, he came with a yoke of oxen to the mill, loaded with grist, and was starting for home, when he saw some of his old friends hanging about the store. Getting into a little chat with them, he invited them to take something; took something himself, and then a little more, till it got to be too much, and night coming, he set off with his oxen and cart, having perched himself as well as he could on the top of the load.—The road was muddy and so was his head, and he soon sunk down under the power of the liquor, and with a lurch of the cart was rolled into the road, while the oxen went swinging home. One of his neighbors coming along from town with a team, saw Billy lying in the mud, and getting down, shook him soundly, crying out,

"Uncle Bill, is this you?

"No, no, it aint Uncle Bill," was the reply. "He quit drinking more'n a year ago, and this here feller's drunk as a beast."

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER

From New York.

New York, Sept. 4.

Store No. 13 Bowery, occupied by H A Peterson & Bros , hardware dealers, and O S Hine, tinware, was burned to-day noon, with its contents. The loss is estimated at $60,000, of which Mr. Hine losses $21,000, and the Paterson Bros. $18,000. Hine is fully insured. The Pattersons nearly so. Several buildings in the vicinity were badly injured.

Stephen H. Branch was admitted to bail today to await the issue of his application for a new trial.

The Commissioners of Emigration and the Board of Health held meetings to-day to consider the affairs at Staten Island.

The patients of the marine hospitals whose sickness is not contagious are to be removed to Ward's Island. The rest are to remain in a part of the building which is still standing. Two fire companies and a sufficient police force, armed with rifles, are to be sent down to Quarantine Station.

It is rumored a military force will be sent down to night.

The suffering among the sick who were left exposed upon the ground is said to have been intense.

A man named Milk, Assistant Engineer of the steamer Philadelphia, died just after he was brought out of the hospital by the mob.

Quarantine 3d, 7 P.M.—Dr Kane has just arrived from the city with 109 policemen, and also powder. They have also tents for the sick, of whom there are 50 who have been exposed to the wind and sun during the day, and are now under a drenching rain.

Mr Delps, the second assistant engineer of the steamer Philadelphia, lays dead of yellow fever. He died this morning.

Drs Bissell and Waller are devoted to the sick tending and administering to their wants constantly. They themselves are nearly exhausted, from want of sleep, excitement and exposure.

Those sick men from the ship Liberty, from New Orleans, are laying on the pier, there being no shelter for them.

During the day large numbers from the city have visited the ruins.

The harbor police force of the city, numbering twenty-two men, went down to the Island this evening in their boats, there being a rumor that the incendiaries of the night previous intended a demonstration on the shipping anchor.

The inhabitants of the infected district,—that is the neighborhood, where Kramer, the German, died—were notified to remove their effects to-day, as their dwellings would be fired to-night. With the present wind from S. E., the safety of the village will be imperiled, if the threat is executed.

Dr Thompson is here, and with his assistants is doing all in his power to help and provide for the sick, and the re organization of the establishment.

It is raining hard, and there is no shelter within the walls.

The steamship Cahawba arrived at Quarantine this afternoon, from New Orleans, via Havana 30th.

She brings over $300,000 in specie, mostly from the former place.

The general impression at Havana was that the brig Nancy would be liberated.

The steam frigate Ilarreguela, from New York, arrived at Havana the 29th.

The health of that city was very bad.

From Washington.

Washington, 3d.

Senor Jussari, at the request of President Martinez, has, it is understood, withdrawn his resignation as Minister from Nicaragua.

The errand of Gen. Jerez was to negotiate a treaty acceptable to our government and beneficial to both republics, but he has left the city without being received in a diplomatic capacity.

The Cass-Yrissari treaty, as amended, was sent by the Government of Nicaragua to Jussari, and by him forwarded to Washington through Jerez.

Democratic Conventions.

Detroit, Sept. 2.

The Democratic State Convention was held here to-day, and was presided over by Hon. Robert T McClelland.

The following nominations were made: For Governor, Chas E Stuart of Kalamazoo; Lieut. Governor, Geo C Munroe of Hillsdale; Sec'y of State, J P King of Mackinac; Sup't of Public Instruction, D C Jacobs of Wayne; Treasurer, Edward Kanter of Wayne; Commissioner of Land Office, John Ball of Kent; Auditor General, John J Adams of Lenawee; Att'y General, John G Sutherland of Saginaw; Member of Board of Education, A J Moore of Kalamazoo.

Resolutions were adopted declaring adherence to the Cincinnati platform, asserting the right of every people to vote upon their constitution if they so desire, expressing confidence in President Buchanan's administration, and congratulating the country on the settlement of the search and seizure question, on the basis of Gen. Cass's protest.

Cincinnati, Sept. 3.

George H. Pendleton, and William S. Groesbeck, have been re-nominated for Congress by the Democrats of the 1st and 2d Districts of the State.

Fire!

North Bridgewater, Sept. 3.

The melodeon manufactory of O. B. Marston at Campello, was destroyed by fire about 12 o'clock last night. Loss on building $1200; insurance $600. The loss on Mr Marston's stock is $1500; insurance $1000, at the Dorchester & Quincey offices.

Ship News.

Nassau, 1st.

Havana Markets.

Sugars were quite dull; the demand of holders were chiefly speculators, being above the views of buyers. Several large contracts of the new crop are reported at extremes. The Azucarera, a new company, is understood to have contracted for all the sugar they can produce, at 20 rials per arroba.

[By Telegraph to Evening Paper.]

The Mob again at work at Staten Island

The Remainder of the Buildings Burned.

New York, Sept. 3.

The remainder of the Quarantine buildings were burned last night. The conflagration commenced soon after the adjournment of the meeting of the citizens of Richmond County. The buildings burnt were five cottages, occupied by boatmen, a large mansion occupied by Dr Waller, and the Dr's dwelling-house of Dr Bissell.

The furniture was removed from the buildings excepting from the last named. Dr B. though warned of the intended burning, refused to move an article. The mob, it is stated, was led by Ray Tompkins, chief engineer of Staten Island fire department, who appeared in his fireman's uniform. A detachment of U. S. Marines were present, but only to guard the government property. No attempt was made by any one to stop the flames.

The female hospital was set fire to and wholly consumed. It contained seventy-five patients who were previously removed, and placed on the flat between the hospital and the physician's house, the latter being still on fire, where they remained during the night, covered with showers of sparks from the burning buildings.

The fire department was present, but did nothing.

The Seventh Regiment of our city had been notified to hold themselves in readiness for this emergency, but up to the last had not been called out.

Three patients have died from heat and exposure, and still lie under the trees where they died.

The United States Revenue Office was also destroyed.

Saratoga is likely to have the benefit of a long season. Congress Hall is crowded, and has been during the whole season. They dined nearly one thousand on Monday last. The profits of this house for the present season, are put down at $20,000.

AUCTION SALE!

☞**The Fine Arts.**

Signor G. B. Pandolfini & Co.,
FROM ITALY,

Advise the Ladies and Gentlemen of Bangor and the vicinity, that they will dispose,

☞**AT AUCTION,**

On THURSDAY and FRIDAY, September 9th and 10th, at 10 o'clock A. M. and 2½ o'clock P. M., at the lower Store in Lewis' Block, Main Street, opposite J. C. White's store, (which has been particularly arranged for the accommodation of ladies—

The most magnificent collection of altogether new designs of Italian Marble, Alabaster and Agate Statuary, &c.; also, the latest styles of Bohemian decorated and engraved Glass Ware, French China Ware, solid Rosewood Work Boxes and Writing Desks, English Toilet Ware, Fancy Articles, &c., &c.

In this superb collection may be found many articles of beautiful design and workmanship, many of which are original pieces, and therefore perfectly unique, such as the Classical Hebe, Roman, Grecian, Napolitan, and other well known forms of Vases.

Two Splendid Florentine Mosaic Centre Tables.

The above goods have just arrived from Europe, and have been selected with great care by Signor Pandolfini, from the great station of Italy, and the royal manufactories of Prague and Vienna. These goods have never been offered in any other market, and every article will be sold without the least reserve.

It is confidently believed that the tasteful, the curious and economical have not had so desirable an opportunity of obtaining articles of elegance, ornament and utility.

The Goods will be open for free examination on Wednesday, Sept. 8th.

Ladies and gentlemen are invited to call and examine the above

Beautiful and Select Assortment,

and attend the sale. Catalogues will be ready on the morning of the day of sale.

Goods purchased for transit will be packed in the original Italian packages, at a small expense.

R. S. PRESCOTT, Auctioneer.

Bangor, Sept 1, 1858

FOR SALE,

A valuable Mill and Lumbering privilege at St. George, New Brunswick, consisting of a new Gang Mill, with all the modern improvements; a new Dwelling House and Barn, Store, and other buildings, and a Farm cutting about fifteen tons of hay, in addition to which, and immediately adjoining the Mill, this property embraces about nine thousand four hundred acres of wilderness land, in one block, well covered with Pine, Spruce, Hemlock, Cedar and Hardwood, through which runs a chain of lakes and a stream furnishing an abundant supply of water for driving and sawing purposes. On the property is interval land, which can be made to produce one hundred tons of hay at a trifling cost. The lakes extend into a very large and well timbered tract of Government land.

This desirable property is on Lake Utopia, within six miles of the village of Magaguadavic, and it presents a rare opportunity for a person wishing to carry on the lumbering business for the European or American markets. The present owners residing in England are disposed to sell the property at a reasonable price.

Hitchcock's Combination Suction and Force Pump!

FOR SALE, a new kind of PUMP—suction and force—different from any thing now in use for durability, &c. You can draw water from a deep well and force it to any part of your building at the same time, in case of fire or any other exigency. You can have it with or without the forcing part. Any person, with a jack-knife, can do all the repairing that it will need for twenty years, as it will not get out of order and is not liable to freeze up like other Pumps. It has received the first premium at four State fairs, and numerous county fairs.

It can be examined at the Tin Shop of P. B. MILLS Exchange street, Bangor where I shall remain for a few weeks. Town rights for sale.

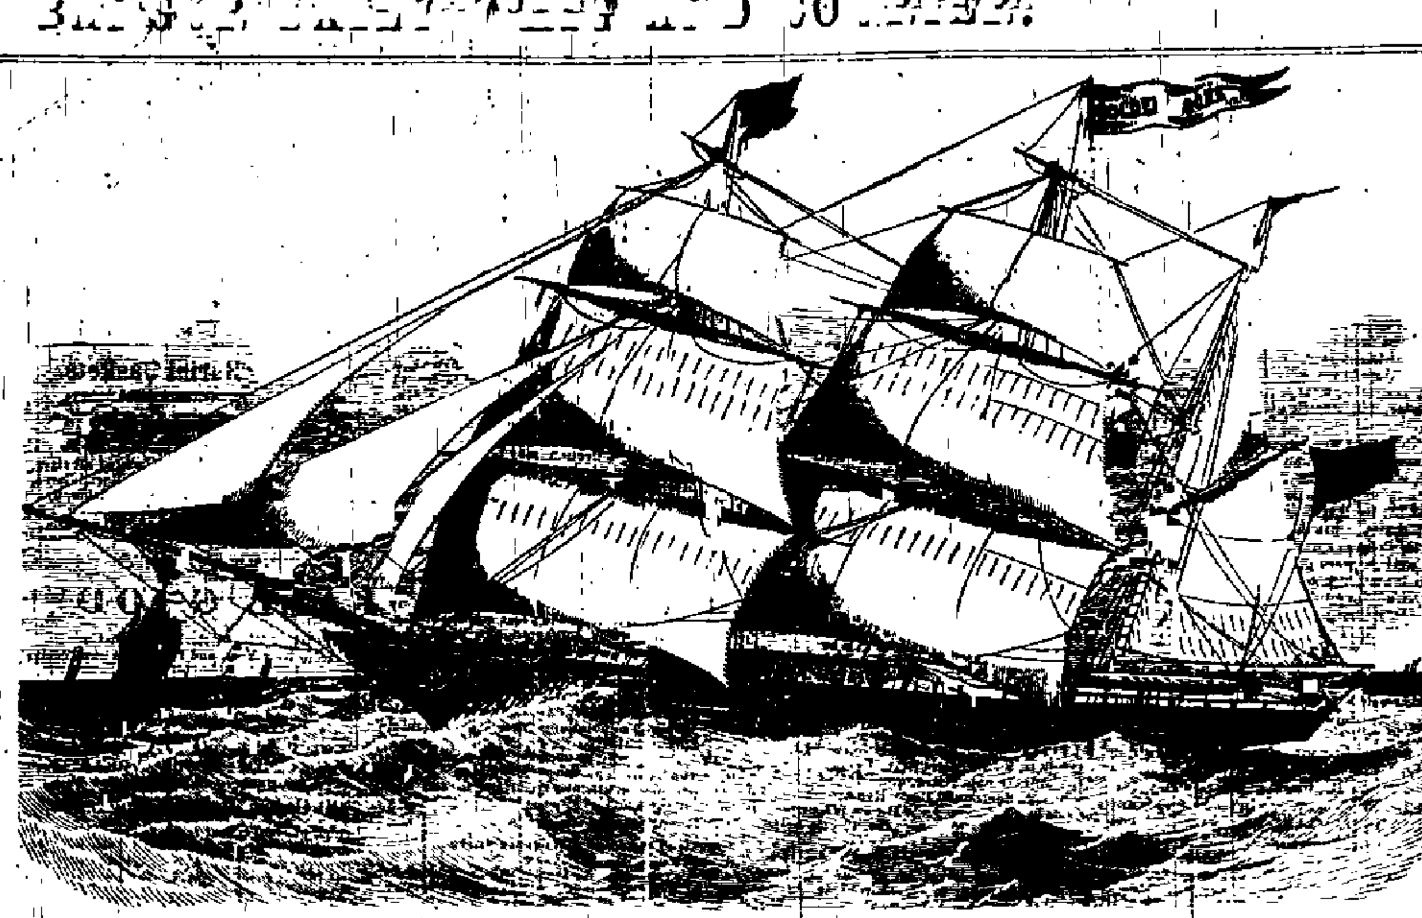
HISTORY OF THE TOWN OF MASON, N. H., from the first grant, in 1749, to the year 1858, by John B. Hill. For sale by aug2 CHARLES HIGHT.



THE CLIPPER SHIP "GOLDEN ROCKET,"

Of 600 Tons, now on the Stocks in Messrs. Cooper's Ship Yard, will be constructed expressly for a Packet, to run between Bangor and San Francisco, and will leave Bangor for that place about the middle of October next. It is confidently expected the GOLDEN ROCKET will make one of the quickest passages ever made from this State—as she will be commanded by one of the most experienced Ship Masters, who has already made three voyages to that place. The Golden Rocket will take out a small quantity of heavy freight in her lower hold, which will put her in perfect ballast or sailing trim (a part of the freight being already engaged.) She will have spacious "between decks," and houses on deck, fitted up expressly for women and children, with a large complement of female servants expressly to look after their wants—which arrangement will give those wishing to forward their wives or children to California an opportunity never before offered. Women who are obliged to labor for a subsistence, and who would wish to seek a home on the golden shores of California, where their services are better appreciated and better paid for than any other place on the globe, will find this a better opportunity than ever before offered in the United States—more especially in the accommodations they will have for the price they pay. There will be several commodious Cabins in the ship, and families or ladies desiring extra accommodations, will be furnished with State Rooms, &c., equal to those in first class steamers. Quite a large number of passages have already been engaged for men, women and children. The ship leaving here in the fall, will bring her off Cape Horn in midsummer, which will make the trip a pleasant one—and arriving in San Francisco about the first of February, the time when mining operations commence, will meet the wishes of a large number of those bound to the shores of California. Those wishing to write to their friends in California, and get returns, will have ample time between this date and the time the ship sails. The Golden Rocket will touch at Rio and Valparaiso on her passage out. Those wishing time on a part of the Passage or Freight Money, can have it by giving satisfactory security. **Passage $150.** For Freight or Passage, apply to

American Safety Paper Manufacturing Company of N. Y.

Capital $500,000.

A. NICHOLAS, President. Office, 70 Wall-st.

A Perfect Security against all manner of Fraud or Counterfeiting on Paper—To Prevent Photographs and Anastatic Counterfeits, Erasures, Transfers or Alterations.

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in America, invented and patented in England by HENRY GLYNN, a celebrated chemist and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr. Kent, Assayer of the U. S. Mint, Mr. Lyman of the New York Clearing House, and Meade Brothers, extensive and skillful photographers, 233 Broadway, N. Y. The latter say that no imitation can be made on a check or bank note printed on the Safety Paper. Below is our list of prices:

Bank Checks—35 cts. per lb.
Bank Bills—$18 for 1000 sheets.
Bills of Exchange—$26 for 1000 sheets
Promissory Notes—40 cts. per lb
Sight and Time Drafts—$25 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts. per lb
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping Silks and other fine articles it is excellent, as it prevents moths. 40 cts. a lb.

For Indentures and Agreements, 40 cts a lb.

All State and County Records should always be printed or written on this paper, as the chemicals inserted in the pulp not only prevents erasure or transfer, but makes it lasting as time.

For Southern climates it is excellent, and much superior to any other; as the moisture of the climate does not destroy it,—the properties, inserted in the pulp being a preventive. In all the Southern States, Cuba, the West Indies, and the Central American States, no public records can be kept over 20 years, written on the ordinary paper, while the oils and other chemicals inserted in this paper makes it indestructible by the ravages of time. It is also proof against moths, rats and other vermin, which feast on and destroy all other paper now in use.

The Company have now in operation Mills in Morris County, N. J., of about 300 horse power, and are able to fill all orders for Paper at the shortest notice.

All orders for the Paper must be addressed to A. NICHOLAS, President of the Company, No. 70 Wall street, New York.

SEPTEMBER.—Harper's Magazine rec'd by aug19 E. F. DUREN.

American & Foreign Patents,

R. H. EDDY,
SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington under the Act of 1837,)

76 State St., opposite Kilby St., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also, in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,"

Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,"

Late Commissioner of Patents.

Boston, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGERT"

From Sept. 17th 1857, to June 17th, 1858, the subscriber, in course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

THE LIVER INVIGORATOR,

PREPARED BY DR SANFORD.

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, *purifying the blood*, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, and, what is better prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure *Dyspepsia*.

One dose of two teaspoonfuls will always relieve *Sick Headache*.

Only one dose immediately relieves *Colic*, while

One dose often repeated is a sure cure for *Cholera Morbus*, and a preventive of *Cholera*.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for *Jaundice* removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures *Chronic Diarrhoea* in its worst forms, while *Summer and Bowel Complaints* yield almost to the first dose.

A few bottles will cure *Dropsy* by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for *Fever and Ague*, *Chill Fever*, and all Fevers of a *Bilious type*. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

Price One Dollar per Bottle.
